

IMPA GRIP ADDITIVE (SIL100)

1. DESCRIPTION

- **Impa Grip Additive** is a non-slip additive for alkyd, polyurethane and epoxy floor coatings.

2. FEATURES

- Easy to use off white powder additive

TECHNICAL DATA

- *Product Code:* SIL 100
- *Appearance:* Off-White
- *Flash point:* Non-flammable
- *SG:* 2,62 kg/l
- *Packaging:* 200g Buckets

3. APPLICATION

- Stir into paint with a flat paddle
- To reduce spillage and make mixing easier, remove approximately 10-15% of the paint can content (i.e.: 500-750 ml from a 5L tin)
- Add **Impa Grip Additive** slowly stirring continuously.
- For exceptional results use 20 grams of additive for 1 litre of paint.
- Pour back the removed portion of the paint and stir every 5-10 minutes during application to prevent settling of the Additive. Apply paint as per manufacturer's instructions. For the best colour and binding apply final finishing coat without the additive (recommended)

4. PRECAUTIONS

- Do not exceed indicated quantity
- Keep out of reach of children
- Ensure good ventilation during application and drying
- In case of skin contact, wash with soap and water or a recognized skin cleaner.
- Avoid contact with eyes. In case of contact, rinse eyes immediately with plenty of water and seek medical advice if symptoms persist.
- Harmful if swallowed. Do not induce vomiting. Seek medical attention.
- Refer to Material Safety Data Sheet for complete information.

Environmental Health & Safety Information

WEAR EYE PROTECTION AND PROTECTIVE CLOTHING. USE ONLY WITH ADEQUATE VENTILATION. To avoid breathing vapours and spray mist, open windows and doors or use other means to ensure fresh air entry during application and drying. If you experience eye watering, headaches or dizziness, increase fresh air. If properly used, a respirator (NIOSH approved for organic vapor with P series particulate pre-filter) may offer additional protection; obtain professional advice before using. A dust mask does not provide protection against vapors. Avoid contact with eyes and skin. Wash thoroughly after handling. Close container after each use. **FIRST AID:** If you experience difficulty in breathing, leave the area to obtain fresh air. If continued difficulty is experienced, get medical assistance immediately. In case of eye contact, flush immediately with plenty of water for at least 15 minutes and get medical attention; for skin, wash thoroughly with soap and water. If swallowed, get medical attention immediately.

CAUTION: KEEP OUT OF REACH OF CHILDREN AND ANIMALS - DO NOT TAKE INTERNALLY.

Refer to Material Safety Data Sheet for additional health and safety information.

IN CASE OF FIRE: Use foam, CO₂, dry chemical, or water fog.

SPILL – Absorb with inert material and dispose of as specified under **Thinning/Clean-up**.

† **WARNING!** If you scrape, sand or remove old paint, you may release lead dust.

DISCLAIMER

The technical information contained in this document are given in good faith and are meant to be used as a guideline by the specifier or user. Whilst we are confident about the quality of our products, we cannot accept any liability for the incorrect use or application of our products. Surface preparation forms an integral part of the scope of works and it is expected that the highest standards are maintained during surface preparation and application, to ensure that our products perform as intended. Always ensure to use the same product batch numbers, refrain from doing spot touch-ups and paint surfaces from corner to corner to prevent colour and sheen variance. As technology may change over time we reserve the right to change products to keep up with changes in raw materials or product trends without pre notice. Although we will always prevail to keep clients informed about changes to be made, but cannot bind ourselves to such notes Please ensure the use of the latest Technical Data Sheet.
